

Conceptual Selling® Coaching

Driving Sales Process Adoption Through Coaching to Increase Use of Effective Communication Behaviors

Overview

*Conceptual Selling® Coaching** presents a comprehensive strategy to drive deeper adoption of *Conceptual Selling® Customer-Focused Interactions*. This program develops subject matter experts who can provide ongoing coaching and reinforcement in the correct application of tools and concepts toward customer-focused interactions, resulting in higher-quality information and actionable commitment from customers at the end of every sales meeting.

By helping refine the way the *Conceptual Selling® Customer-Focused Interactions* concepts and tools are applied and reinforced, this program provides organizations a way to guide sales team members to enhance every interaction with customers that either moves an opportunity forward or improves the relationship. It also establishes a process for managers to effectively evaluate and interpret Green Sheets (now called Meeting Plan) and build strategies that maximize coaching opportunities with individuals and teams.

Conceptual Selling® Coaching may be the right solution if your company is trying to:

- Implement on-going reinforcement of the *Conceptual Selling® Customer-Focused Interactions* process.
- Improve comprehension of the program concepts.
- Increase consistent use of the Meeting Plan tool.
- Enhance the value of Meeting Plans with one salesperson or the entire team.
- Reinforce the selling behaviors and activities that move sales opportunities through the funnel.
- Maximize the power of collaboration and debrief to drive better adoption.

* *Conceptual Selling® Customer-Focused Interactions* is a prerequisite for this program.

Driving Improved Results

Sharing a common process and language with sales team members allows managers to provide specific coaching and reinforcement that helps win business. World-Class Sales Organizations are significantly more likely to agree that their sales management team is contributing value in the sales process.
